We could not possible allow such a polluted lots to survive!!! KILL THEM ...KILL... ehehehehehehehe... eh...eh... eh...

HIMMLER
My FUHRER we are now left with RUSSIA Southern & Northern EUROPE, before our plan can be put into action!
What do you propose we do with the RUSSIANS? According to our Anthropologists they are from Chinese, Mongols, Arian, and mixed fruits Kind of Mongrel like specimens!!!

HITLER
We shall not allow such Mongoloid kind of people to contaminate the GERMANIC RACE.... KILL THEM!

HIMMLER
What about the eastern European Slavonic specimens???

HITLER
KILL, KILL, and double KILL!!!

HIMMELER
What do we do with the Southern European stock such as Italians, Spanish, Portuguese, Greeks, and Turks? It appears from our Anthropologists reports that Turks are mainly of Asiatic stock, and that have over thousands of years infiltrate and contaminate the Genotype in Southern EUROPE! The report also indicates that a large infiltration of Semitic stock have over Millennia's, polluted the southern EUROPEAN ARIAN stock!!!
What are we going to do with all this guys???

HITLER
I am determined to kill any one that it is not of pure teutonic stock!!! Kill..... KILL THEM ALL!!!

HIMMLER
The Anthropologists report shows that almost all the stock of people in France, Southern Germany, and England are from southern European Stock, mixed with Northern European stock, and that the Southern

Europeans are the one responsible for all our way of life and civilisation!!!
What do you suggest we do to them?

HITLER
We shall exterminate all of them!!! PERIOD.!!!

HIMMLER
We are left only with Austria, Northern Germany, Holland, Denmark, Sweden, Norway, and Belgium My FUHRER. I suggest that for now, we put aside our Anthropologists report, and that we look at the reports made by our Biologists and doctors!!!
The report suggest that over 30% of the population in these countries, are estimated to be of non ARIAN Stock, they have also estimated that a good 20% of the populations have serious congenital deficiencies such as chronic Asthma, Mental / genital defects severe Gastric disorder, mongolism, spasticism, and other unacceptable conditions that could seriously jeopardises our SUPERMAN DREAM!!!
Shall we Gas them? Or fry them? Or what???

HITLER
They would be remembered has the martyrs of the Greatest dream of all!!! A PERFECT TEUTONS WORLD!
YES!!! WE SHALL KILL THEM!!!
Only physically perfect human creatures LIKE US, May walk this Earth!!!
Tall, blond, blue eyes, KILL THEMmmm....

HIMMLER
Yes my FUHRER, I shall provide you with a large dose of HYDROGEN PEROXIDE (80 volume)!!! The report shows that only 15% of the population in northern Europe have these characteristics!!!
