HIMMLER

Yes my FUHRER, we shall kill all of them too!!!

Our Biologists reports indicates that defective levels of the female hormones are responsible for producing great men of the Arts, and Music! In fact the report shows that this hormones abnormality in men, produces the Genius of the Arts only when the other conditions are present, ie schizophrenia, neuroses, and homosexuality!!! Abnormalities and Geniality go hand in hand, they are part of an intricate dilemma created by Mother Nature! When we try to suppress these so called, negative factors, we also suppress the birth of Geniality, and the MICHELANGELO'S of this world are removed from existence!!! What do you wish we do with them???

HITLER

Well, we can not allow to breed a world of TEUTONIC QUEEN'S!!! Gas them all!!!

HIMMLER

My FUHRER, your wish is my command!!! The report also indicates that our technological advancements, are driven by the squalid human conditions, such as: neurosis, mongolism, cancer, and general human suffering due too, inherited or acquired deficiencies!!! And that, such deficiencies give us the strength necessary to explore our world!!!

And that the same conditions, are an essential part required by nature, to trigger in men the will to defeat such undesirable pains!!!

Defective individuals dream for reaching the STARS!!!

For example I know a very close friend of mine, that was incapable of reading and write! And that he couldn't draw a fart! And that he lived most of his live in isolation because he was incapable of a normal relationship with the world at large! And that he was unfit physically to became a soldier!!! And that with his big mouth, he managed to kill 6 million innocent people...and tha...
