

Francesco Fucilla and Bruno Denantes Statement.

Please note that following the Telesio-Galilei Academy awards ceremony in Toulouse on March 20-04-2012 and the Gold Medal of Honour award to our fellow Director Francesco Fucilla from Toulouse University and the Enthronement of our Fucilla to Chevalier De Gaillac, Mrs Laura Knight-Jadczyk, Mr Arkadiusz Jadczyk, Mr Joe Quinn, Mr Niall Bradley, Mr Scott Ogrin, Mr Myron Evans, embarked on a criminal and slanderous campaign against Bruno Denantes, Francesco Fucilla, The Telesio Galilei Academy of Science Directors, and the group of companies they serve with intent to permanently demise the future of the companies they serve, and all of the people associated to them.

UNDISPUTABLE FACTS

If you look for Francesco Fucilla and Bruno Denantes on Google, you will see it littered with criminal and slanderous false announcements. SOTTNET, the cassiopaeadians and associated members, are littering the net as to false purported penny scams and scientific fraud by Francesco Fucilla, Bruno Denantes, and fellow Directors and associates. However what the Cassiopaeadian and associates have failed to report to the public is that the largest cash investor in the group of companies is Bruno Denantes. Denantes is the Director and founder of these companies, Denantes since the birth of the said companies, has never received remunerative pay or expenses paid. Bruno Denantes in 2012 is still pledging to provide more cash to the group of companies!! hence one should ask "how could it be possible that Denantes would invest millions of his own cash in companies that were set to defraud people if it was all a scam as idiotically alleged!? how can Bruno Denantes be in Malafede when he has provided the group with the largest financial aid!!? How could Bruno Denantes allow the oldest shareholders to supervise all of the activities of the companies if there were irregularities ? As to Fucilla's credentials, honesty integrity can be found in the strong brotherly relationship with Denantes. In the last few years Denantes has entrusted Fucilla with his own cheque books signed and without numbers written on them, trusting that the integrity and honesty of Fucilla would never fail him. Indeed time has shown Denantes to be the case!!!! The Shareholders and Management can absolutely certify that no man can be more noble and honourable than Francesco Fucilla, and we invite the public at large to come to our offices and certify these facts by inspecting the entire history of our companies, from finance to contracts etc.

The Shareholders of the companies, participate fully in the running of the companies. NO COMPANIES IN THE WORLD COULD CLAIM SUCH FUTURISTIC MANAGEMENT ARRANGEMENTS.

Shareholders are very aware of the false and slanderous nonsense to discredit Denantes and Fucilla and everyone associated to them, as the

oldest shareholders are a full integral part of the companies and in control of all aspects of the life of our companies.

We published many statements inviting the public at large including the to Mrs Laura Knight-Jadczyk, Mr Arkadiusz Jadczyk, Mr Joe Quinn, Mr Niall Bradley, Mr Scott Ogrin, Mr Myron Evans. To come forward to our offices and to certify that there are no scams, or that there ever were any scams, without avail.

We reported them to all the authorities we could without avail.

We don't know these people, we never meet them, the only Information we have on them can be found in the links below.
